MY ANCESTORS

By

Anthony Butler Hannum of Ky.

William Fisher who was born in London, England, in the year 1711 was about six feet high, slender in form, with blue eyes and was a very handsome man. He followed the mercantile business in Russia, and was afterwards a banker in London. He was married when twenty-seven years old to Elizabeth Cherriton who was born in England descended of a good family by the name of Dagg (of Cornwall) who possessed a fortune. She was small in form--in person--with black eyes. It was from the family of Dagg, I suppose, came the coat of arms of Three Nuns--with the crest of a lion rampant with a bloody hand. The crest was on Wm. Fisher plate. My grandfather's seal was descended to me from my mother. She died about 1770. Her husband Wm. Fisher died about 1789. They had three children, Mary who was born about 1750 was of the middle size, had blue eyes, dark hair and was very handsome. She was well educated, intelligent, and accomplished, and of wealthy parentage. Elizabeth who was the second child was tall, had black eyes, was well educated, accomplished and remarkably intelligent. She was born in 1752 and died when 27 years old. The child who was a son died during infancy.

Jobe Ruston was born in England. He had three wives. The maiden name of the first was Mary Baker. The names of the others unknown now. He had by his first wife eleven children all of whom died young excepting four, Thomas, Sarah, John, and Louisa. Thomas was born in Chester County, Pa., America, about 1743. He was five feet nine inches high, well educated, accomplished in his manners and very handsome. He studied medicine in Philadelphia under Dr. Bond, and eminent physician of that city and graduated at Edinburg, Scotland. Settled in London where he practiced medicine and became acquainted with Mary Fisher to whom Dr. Ruston was married about the year 1772. They had a child Mary born Nov. 27th 1778, Charlotte 27th March 1780, Thomas 1787, besides 4 sons who died before they were seven years old. Mary Ruston was married to Wm. Harrison. She was of common size--dark hair, blue eyes, of a fine form--elegantly educated, and accomplished in every respect. Married in 1795. They had a son Fisher--born 1796. Charles Harrison, 1800. Mary was afterwards married to John Wheeler in 1807 and had Mary Wheeler their first daughter in 1808. John born 1810. Mary Ruston Harrison Wheeler died . Mary Fisher Ruston, wife of Dr. Ruston died in 1797. Dr. Thomas Ruston died in 1804 in Philadelphia.

In 1799 Charlotte Ruston aged 19 the daughter of Dr. Ruston (she was born in England) was married in West Chester, Pa., to Richard M. Hannum, son of Col. John Hannum of the American Revolution, Richard 23 years of age when married. Elizabeth their first daughter born in West Chester, Pa., 24th July 1800, died 15th Sept. 1801. Henry Hannum was born in West Chester on 2nd May, 1802. Fisher Ames Hannum in West Chester Nov. 8, 1803, Mary Fisher in Tennessee Feb. 19th 1806. Charlotte Hannum was born in Logan, Ky., Aug.

MY ANCESTORS - Anthony Butler Hannum of Ky. 2

13th 1808. Penelope Aug. 22nd 1810. Anthony Butler Hannum was born at Colina one mile of Russellville, Logan County, Ky., on Feb. 14th 1812. Louisa at same place Feb. 15th 1814. Wm. Fisher Hannum Jan. 18th 1817, died 27th Sept. 1819.

Richard Montgomery Hannum was born on Oct. 26th 1776, died in Ky., Jan. 31st 1850, Charlotte Huston Hannum born 27th March 1780, died Feb. 1st 1850. They were married 1799 in West Chester, Pa. Emigrated to Tennessee 1800. To Kentucky Anno Domini 18

Apperaance etc.

Thus it seems on looking back at my ancestors--they were handsome as the language of my mother says, by whom this was dictated to me when I was a boy and when the notice of those preceeding her was written. My mother's hair was dark and luxuriant. Her eyes a handsome blue. Distinguished in youth for her beauty, in her old age for fine appearance, intelligence, and fine social and conversational powers. She read throughout life. I have never enjoyed the society and conversation of any one more than that of my mother. Her manner was affectionate and kind not sarcastic, with a good fund of anecdote and incident and very much disposed to quote poetry by way of illustration. She translated French and told me that her sister Mary conversed fluently in the French language. My mother's ancestors had dark hair and blue eyes, except her grandmother Elizabeth Cherriton Fisher, and an Aunt Elizabeth Fisher who had black eyes who evidently were not of the Saxon stock. My brothers were handsome in youth. My sisters more remarkable for symmetry, than beauty of face. Charlotte was finely educated and bright. My father, Richard M. Hannum, was one of a pair of twins. He the elder born, Washington Lee Hannum, the other. They were consequently not tall but very handsome of fair complexion, Roman nose and of very close resemblance. My Uncle Washington was a lawyer, married Patsy Robertson of Nashville of the first and best families of earlier or latter Tennessee. Sterling Robertson the Texan Colonist was a brother, also Felix--The Felix Robertson M. D. President of the University of Nashville and whose name is attached to my Medical diploma, was a cousin of Aunt Patsy Hannum. (The first male born in Nashville) Uncle Washington moved to Texas after the death of his wife, where he died in a tolerable old age. His sons all died. Louisa his oldest daughter married a gentleman of New York, Anthony B. Fleury. They had two sons all living when last I heard of them in Texas. My father's complexion fair, blue eyes, hair a good deal lighter than dark, but not what is termed fair, Fisher's the same, Henry's darker. Mine dark like my mother's, whom it was said I resembled more than any of her children. My father was intelligent, not communicative, humorous, but generally silent. Of great enterprise in earlier life--failing her retired upon himself--was of the old school of Manners. Uncle Jonathan's descendants who reside in Logan County, Kentucky, were stretched out for several miles on the Patrimony he left each of his children, are a plain and intelligent set of farmers,

MY ANCESTORS - Anthony Butler Hannum of Ky. 3

humorous, hospitable, kind. His son John P. Hannum was the surveyor of Logan Ky., Kentucky. He has been a school master most of his life. Their besetting sins are they are not neat, though industrious, and bountiful, and wasteful. John P. Hannum's two sons, Oscar and John, were in the southern army--distinguished themselves for their bravery. And now are distinguished for their good manners. Oscar lately married in Tennessee into a good family I understand. John P. has several daughters, pretty and bright but are country girls. I fear some of Uncle Johnathan's numerous descendants will have their Patrimony depart from them whilst others accumulate. But this is the way of the world. The poor grow rich, the rich poor. Dr. Thomas Ruston's ancestors were Presbyterians. My Grandmother, Mary Fisher Ruston, whose memory I adore was Episcopalian, as I understood from my mother. She was of remarkable self possession, was never disturbed by a mistake of a servant, but rather smiled at any blunder. A lovely woman I commend her to her descendants. My neices and their children no less than to my own daughters. Would that the males of our family would seek the better bred and the better born--at least the gentry. Dr. Thomas Ruston, who in 1772 graduated in Princeton and subsequently at the Medical School at Edinburg, Scotland, was twenty years Surgeon in charge of Devon & Exeter Hospital, England; returning to and residing in Philadelphia. The picture of his house at the corner of Eight & Chestnut St. is still found in the Philadelphia library. Where he the correspondent of the illustrious Thomas Jefferson Forneys lecture April 22nd 1880, before the Philosophical Society of West Chester, Pa.

Grandmother Hannum was a Quakeress. Her maiden name was Alice Parks. Her mother's family name Montgomery, which branch was Irish or descended of Irish. My father's forefathers are supposed to be Welsh. My mother was pure English which you can see crops out in your sister, Elizabeth and my child Euphemia as indicated by the big dark grey or blue eyes, not the least beautiful in the world. But much of that beauty comes no doubt from the black eyes of their respective mothers.

Penelope who married Dr. Merritt had five sons, Richard Anthony, the most elegant, was drowned whilst bathing in the Cumberland River at Clarasville. Henry married Miss Molly Lupton, lives in Clarasville. Fisher Merritt married Lucy Gratton of Montgomery, Ala. Montgomery lives in Clarasville, will study law probably. Philanda is in Todd Cy., Ky., farming. Charlotte at school here, grown. She is handsome, almost a beauty. Rosabella Merritt married to Charles Young, lives in Fenton, Todd Cy., Ky. One daughter.

Louisa Hannum married Elias Fort, farmer on tobacco plantation, Robertson Cy., Tennessee. Emily, her daughter, married Dr. Fort. No children. Henry married widow Wood, one child at marriage, 6 years old. Ellen Piety, and Louisa Fort unmarried. All live in Robertson Cy., post office Forts Station. The Merritt's three boys, the Fort's one, were Morgan's men and long captives.

I see my allotted paper is coming to a close. Elizabeth Merritt, my great grand mother, was of the family of Dagg, no doubt a younger or female branch of good stock, perhaps noble, perhaps of the gentry only, but the former I suppose from the Coat of Arms which was shown me by Charles Harrison were three nuns. So they were Catholics and may have lost their power by the

English persecutions. The family Crest or Seal is a lion, rampant with a bloody hand, which you may see in the seal of old letters of my mother and often of myself, which seal my mother left me and is on some old family plate left by my mother. You are entitled to the crest or Coat of Arms, the "Lion Rampant with the bloody hand." It surely belongs to us and is traditional, and such a Crest granted by the English government betokens high place and position. I do not know that these things are of any importance. But the sign of the crest goes with the family to the present generation. It is in the blood. The family is much fallen. Can you raise it? It is why I am anxious about your family alliance, and why I say consult your mother on that point. Let me concentrate all I have to say on that. Marry into a family raised gentle or of the gentry—rich or poor, but raised like yourself. Do not marry if you do not better yourself, your wife, your family name. Beware of "rough Diamonds". They may turn out to be more of the rough than the diamond. All the great families of Europe are so by their careful and suitable marriages. Virginia, Pennsylvania, Georgia have fair daughters. The North Carolinas and descendants are not their equal. To have been born a Virginian is to have been born great. Louisa and Euphemia send their love. My love to your Mother, Cathleen, Eliza, Barclay and theirs.

Your affectionate Uncle

A. B. Hannum

Note: The above is a letter, the first page of which is lost, written by Dr. A. B. Hannum to his nephew.

FISHER FAMILY

William Fisher born in London, England, in 1711 and died 1789. First was merchant, afterwards Banker in London. He married Elizabeth Cheriton, descendant of the family of Dagg of Cornwall. She was an only child & possessed a fortune. She died 1779. They left two daughters, Mary & Elizabeth.

RUSTONS

Jobe Ruston was born in England. He married Mary Baker of England. They emigrated to America & settled in Chester County, Pa., where he was a wealthy & influential man. They left four children, Thomas, Sarah, John & Louisa. Thomas was born in 1743 and died 1804, was educated, studied medicine with Dr. Bond in Phil., graduated at Edinburg, Scotland, settled in London, Eng., where he met Mary Fisher to whom he was married in 1772. They had three children Mary born Nov. 27th 1778, Charlott born 1780 & died in 1850, Thomas born 1787 & died 1847. I think the children were all born in England. They came to America & settled at Philadelphia. They brought 40,000 guenias (\$250,000) with them and lived elegantly. He rushed into speculation & through the rascality of a trusted agent was made bankrupt. The agent, a man by name of Tench Coxe, ran off with money, papers, etc. Slow transportation & unsettled state of the country, Dr. Thomas Ruston could not find him or recover his papers etc. during his life.

Dr. T. Ruston bought large tracts of land in the oil & coal regions of Penn.

Three hundred & fifty five thousand acres of land in Va.

80,000 acres in North Carolina in Pendleton District.

Equally as much in South Carolina.

Equally as much in Georgia, and Kentucky.

The property in Penn. is in the possession of the grandsons of Tench Coxe, Eckley & Brinton Coxe. Now they are worth \$9,000,000. They do not claim an interest in lands.

Mary Ruston the eldest daughter married a refined gentleman, Wm. Harrison. They had one son, Chas. Harrison, who was very talented, studied law & located in S. W. Va., especially to look after those lands. He became engaged in some personal difficulties & went to Vicksburg, Miss., where he died unmarried. All of his personal effects were lost. Papers which would be very valuable. Coat of Arms of the family "Three Nuns", crest & seal, A lion rampant with a bloody hand. His death occurred after my father's, Dr. H. Hannum's, which was 1845. After the death of Wm. Harrison, Mrs. Harrison married John Wheeler, a rough boorish Englishman who made her miserable & squandered her property. They had one daughter, Mary, who married Uriah Penny----a lawyer, who has interested himself in the vast estate & has recovered some of it. His son Chas. is also a lawyer & between them they have collected a large quantity of papers, etc., of importance on this subject. Uriah P. is dead. C. Penny-- knows the grandsons of Tench Coxe, Brinton & Eckley Coxe & has seen himself sixty tin boxes full of Dr. T. Ruston's papers. Also saw a pocket book which closed with a silver clasp with Ruston's name on it, in which was a round piece of which looked like the stained glass of today, but broken, when put together presents a man

on horse back in armor. They have a house built especially to put the Ruston papers in at a county seat of Eckley Cox, having promised their father, Chas. T. Cox, (dead), that they would never destroy the Ruston papers. Thwn they found out the relationship of C. Pennypacker to Ruston they told him if he would get a power of attorney from the rest of interested parties, they would give him the papers, etc., but they refuse now. Our object is to get all the evidence we can on this subject & compell them by law to give them up. They are in high standing in life & he hardly thinks that they are fully aware of the fraud & rascality of their grandfather, Tench Cox, but they suspect something. It is with them we expect to recover the most.

Charlott Ruston married Richard Hannum, an accomplished gentleman & son of Col. John Hannum, an officer of Washington & whom the latter complimented on the battle field for his bravery. R. Hannum was recorder of deeds at West Chester, respected by every one, and getting along as well as could be desired. No one seems to know why, but he left a home surrounded by every comfort & took his wife & children & went to the wilds of Red River in S. W. Kentucky. He was a man of unbounded energy, a merchant, was the first to introduce sugar from New Orleans in that section & was gone a year to personally attend to it. It is supposed the long distance, transportation, slow & uncertain communication is the cause of his not going to Dr. Ruston's relief at the time when he became involved in debt & difficulties. Richard Hannum had raised six children.

Henry finished a medical education and at the desire of his mother went to Va. to try to recover the land, his father R. Hannum, having become broken financially, could give him but little assistance. He was doing what he could to recover the land at the time he first met Ann Eliza White returning from Salem, N. Carolina, where she had been at school. They were married in 1827 at Abingdon, Va. Unfortunately, on the Ruston Survey was the lead mines in which his wife's father, Col. James White, had \$100,000 interest & we have now \$10,000 stock in it from him. In the mean time his Cousin, Chas. Harrison, had joined him as Dr. Hannum & Col. White did not get along agreeably. He turned the Ruston Business over to C. Harrison, took his family & went to Fla. where lived five years & then to Maryville, Tenn., where he died in 1845. Col. J. White died in 1835. W. Y. C. White, the administrator upon the estate always attended to Mrs. Dr. Hannum's interest in her Father's estate. Owing to the antagonistic interest, Dr. H. Hannum's children knew little & nothing correctly about it, until I accidentally visited & saw C. Pennypacker at West Chester, Pa. the fall of 1884. He gives me the first accurate information & asked my assistance, to which I very willingly consented. I did not give myself time to understand it as I could wish. I went from there to Abingdon, Va., where I thought I would meet with all

cordiality & information. I had been especially invited to stop & pay W. Y. (or T.) C. Whites family a visit. I found no desire to give me any information & I believe I left there with them if not angry at least vexed because I persisted asking questions of those who I thought could give me information & I did learn that Wm. Y. (or T.) C. White bought largely of the "Ruston Survey." His sons James & John White who are administrators of their father's estate wanted to sell the Ruston Survey land, but Capt. Paper who is President & large owner of Lead Mines objected, on the plea of the "Ruston claim" & it is not sold yet. I went then to Kentucky but my Aunt, Mrs. Merritt (nee Pendelope Hannum), could give me but little information as their house had been burned five years before & with it all papers of her mother, that she had & a few years before the Office of Uncle Fisher Hannum occupied by H. C. Merritt & all of his papers burned, but I learned that after G. Harrison's death that Fisher Hannum, Elias Fort (husband of Pendelope Hannum) & Jm. Merritt (husband of P. Hannum) had brought suit for the Ruston lands in Va., each filed one to Va., before the war & were sanguine of success. They had employed Gen. W. R. Terry, who now lives at Hillsville, Va., Beverly Johnson & B. R. Floyed, had paid \$100 (one hundred) for cost of court & \$500 (five hundred) deposited in Bank to carry on suit. The war broke out & Fisher Hannum died in 1862. After the war Dr. J. Fort went there & was confident of success. Since then I believe no one has taken any steps on the Hannum side of the house. Gen. Terry became afraid of his opponents & worked to their interest, would make excuses to delay etc.

Thomas Ruston Jr. was of weak mind, at least not capable of attending to a large business, the girls were remarkably bright and finely educated, the son exceedingly dull. In fact Dr. T. Ruston & wife were not satisfied that he was their son especially Mrs. Ruston, as during a severe spell of illness the child had been put out to nurse. It was sometime before she was able to give the child her attention & when she did, she suspected it not being hers. After the death of his parents he lived with his Sister, Mrs. R. Hannum. He died & was buried at Keysburg, Ky., at the age of 50. The business now stands, as I understand, in this way.

The property in Penn. recovered because of fraud. By law or compromise, the land in N. Caroline, S. Carolina, Ga. & Ky., & especially Va. 1st the fraudulency of stolen & concealed papers. 2nd our uncle's, T. Ruston Jr., interest. And 3rd they have not retained the property peacefully. 4th the land was all sold together for taxes at once in 1839. This sale was not according to law, because they had no right to sell more than enough to pay any claim for taxes. All else was confiscation. No State in the United States has a right to confiscate in time of peace, nor war, only during the life time of the holder. Mrs. R. Hannum recovered some of the surplus money of the tax sale. That however did not justify the illegality of the sale. It should be set aside as unconstitutional. The suit should be before the United States Court & not before a jury. The State of Va. or U. S. cannot patent the same land twice. The grants were all recorded in the name of Dr. Tho. Ruston. While in Ky. I came across a letter to H. C. Merritt from Chas. Pennypacker, of which I took a copy.

My dear Sir-

I have seen for myself and I think it best to commence an ejectment suit in the United S. Circuit Court upon the trial thereof I can prove 1st Grant to Dr. Thomas Ruston & John D. Blanchard of 242,000 acres from court of Va.

2nd Deed of undivided half from Blanchard to Ruston.

3rd Conveyance of 242,000 acres, one half to Dr. T. Ruston.

4th Sale of land by Jas. Anderson com. for taxes to Robert Raper, David Graham, & Francis Allison.

5th Decision of Va. Court of Appeals declaring any such sale invalid & of non effect.

6 Title still Ruston heirs on payment of back taxes and proceeds \$1200 of tax sale. 1st Grant of 20,000 acres in Wyth Co. to Dr. Thomas Ruston, title still in heirs, no sale ever made, 2-1/8 interest in Austin lead mines, cannot find that it was ever sold. If I bring suit, H. C. Merritt Atty. & for all the heirs for Charlott Ruston etc. I presume it will be all right, but I must have full list for all said heirs. I offer to bear all the cost of this suit, put it through and when the matter is finished will ask 1/2 of cost to be refunded by you.

Very respect

C. H. Pennypacker"

During the first meeting of Austin Lead Mine stock holders, after the death of our mother (nee A. E. White & wife of Dr. H. Hannum) her sons Frank & Wm. Hannum were present. No one present knew of their relationship to Dr. T. Ruston & the subject was discussed in their presence. One of the stock holders (Dr. Saunders perhaps) said that Jackson of Richmond, Va., had an interest in the Ruston Survey which was fraudulently obtained. 1/8 interest obtained by compromise and not by decree of court, & still has the claim. The balance of lead mine claims belong to Austin Lead Mine Company & W. Y. C. White heirs. The company said they laid no claim to Jackson's, but knew that he had no right to it. F. & W. Hannum thought the present owners might be induced to lend assistance to the recovery of Jackson's interest, upon the assurance that their claim would not be molested.

Benjamin R. Floyed had all the patents of the Ruston Grants, to be subject to Dr. A. B. (illegible). Floyed dead & his wife is supposed to have returned to Washington & may, if living, be able to give some information. Dr. A. B. Hannum gave me authority to recover the papers, but I have not traced them yet.

Dear Son

On Saturday last I put up one hundred and twenty dollars and enclosed it in a letter by a Mr. Roach of the Tennessee Iron Works.

In the evening a Mr E Williams of this place arrived from Cincinnati and reported the Maryland Bank of Baltimore had broke. I was therefore under the necessity of withdrawing the letter from Mr. Roach as the principle part of the money was in that Bank. The Machinery of the Boat got out of repair which detained the Boat until next morning. I then made an arrangement with Lieut Collins of the Army now of this place to place in the W States Branch bank at Louisville Kentucky One hundred and twenty dollars and forward the check to you for that amount to Russellville, Kentucky. When you receive the check any merchant at Russellville, Clarksville, or Nashville, will give you the money for it.

You must sign your name on the check when you transfer it.

Lieut Collins has been and is now on his way to Louisville to purchase provisions for the Indians at Cantonment Gibson. He is a Gent. of high respectability and is one of the most worthy men in the army.

Sixty dollars of the money is for your use. The other sixty deliver to your mother. The Cholera is now raging in the River some three or four dead at this place--Take only good money the money designed for your Mother get in silver the money for yourself procure in U States a small portion in silver-- There will be a general split in the local Banks.

You will come on direct to this place. I will procure a place for you to board- If you see Mrs. Edwards say unto her that Gov Popes family are all well. The young ladies say that they are desirous to return home. Miss Pope to Illinois, Miss Cock to Kentucky-- Miss Cock is a very elegant woman-- Miss Pope is a girl of most excellent mind. I will write to Charlotte so soon as I can write definitely as to my movements.

Present my love to the Girls I remain yours Affectionably

Aspalaga Sept 9th 1830

D--- Anthony

I recd yours of July 27th but the moment I found a great deal of difficulty in making out many of the words in consequence of the want of connection in the letters, and also the want of periods. You must endeavor to correct this error in your writing.

I am glad to hear always from you or any of the family. You did not tell me how Ma and our Sisters are pleased with their new residence. I sometimes think it probable I may see you all next Summer as Ann Eliza intends then visiting Virga. I suppose you have herd of the birth of our little daughter. We call her Florence Florida. I am living in a Cabin of my own building, have a little farm of about 15 acres cleared. I will make about enough this year from my farm and Practice to support me.

I have a little negro girl Mary, 2 horses, about 100 head of cattle, and 160 acres of land, this composes the stock of my property. If the debt I owe Edwards, amounting to about \$300, and \$100 more was paid, I should now feel pretty independant. My Practice I think will be worth probably enough to support me each year. If Pa and Ma would consent to move to this Country I could let them live in the house I now reside in and have the land to cultivate I have cleared, with about 20 acres more, which would be very easily cleared.

I would then move into a town lately laid out about a mile below me, I could also let them have 10 cows to milk every year. Bacon will cost here from 10 to 12 y. c per lb. flour from \$7½ to 9 per barrel--corn this year is worth 50c per bushel--goods in general can be had on as low terms, nearly as in Kenty. I shall raise my own hogs & eat corn bread generally, consequently buy but little either of provisions or goods. I am nothing in debt here not do I intend to be. Fish of an excellent quality can be had at all times from the river one and a half miles from me, game such as Deer & Turkeys are plenty. The greatest inconvenience we are subjected to is the want of society, which is limited there being only 4 or 5 very respectable families in the neighborhood.

I would be exceedingly rejoiced indeed if Ma and the girls with you & Pa would consent to remove to this Country. It would be impossible for me to help you in moving here but I could afford Ma many comforts if she was here. Society is as good here as in Red River and I think they could spend their time as agreeable here as there.

A provisions store would do an excellent business in this town below me. If you could prevail on Fisher or some one else to send \$1 or 2000 worth here he could realise a handsome profit from them, besides putting you in business--or if this could not be done, you could work on the farm here, and make something from that. I wish you would consult with Pa & Ma on this subject and let me know what they say. I can very well spare them the place I live on and have land enough for them & me both to cultivate. Thos. & Lawny could make corn & cotton, hogs & cattle can be raised without feeding, either Winter or Summer, and if Pa would vest the money he receives from Penss. in negroes he could make money from this land, besides supporting his family very genteely--negroes hire here from \$100 to 135 per annum. They are employed in making sugar & cotton.

If Pa and Ma will consent to move here (illegible) early next spring and assist all I can in helping them here. Pa, I think by that time I could raise money enough to (illegible) my expenses there & back, and also have another house to go in myself. My residence is as healthy as it is any where in Kentucky. I have most excellent water, very convenient, and take it all in all I think Pa would do much better here than in Red River.

I have been expecting a long time to see an announcement of his appointment to some office in the gift of Genl. Jackson, but have hitherto been disappointed. I suppose he has recd. none. Uncle Washington I suppose also expected some office. I have seen no appointment for him.

Give my love to Pa & Ma, to my sisters and Fisher if you see him. tell the girls I would be glad to hear from them. Charlotte used to write to me, but of late has declined to all together.

I wrote to Ma in June last, but have recd. no answer, as yet. I wrote also lately to Fisher.

Yr. Affectionate brother

H Hannum

Sister I was happy to hear you was about to leave

our anxiety about you I hope you are now on this side of
the Lake. We often think of you, though you have had
some reason to think I had forgotten you. I must beg you
will excuse me for not writing you sooner. Nancy has
written to you and Thomas several times I conclude letters
have been lost. My employment this summer does not afford
me so many leisure hours as^I formerly had for writing. I did
The hospitality of my friends in Newhampshire detained me
there untill the middle of May, the season for engaging a
school was past before my return, for want of a better
place I have spent a part of the summer at home. I am
constantly hurried with needle work, but it is not so
pleasing to me as my former business. I spent three weeks
verry pleasantly on a journey. in which time I was in
Saradoga, Ballston, Milton, Amsterdam, Johnstown,
Schenectady, and Albany. I went with Betsey Hunter to
visit her brothers wife in Amsterdam. I found her fathers
family verry agreeable and ready to accompany us wherever
I wished to go. I assure you I improved the opportunity.
I staid three nights with your friend Mrs. Fullerton, she
gave me a cordial exception: inquired much for you;
charged me to write her love to you, tell you she wished to
see you, and if you ever come near her you must come and
see her: she is living in Milton in the house in which
Doctor Henderson formerly lived; she has her little
daughter with her and a daughter and son of Doctor Gregory,
and two little girls of her brother Nathans, he has buried
his second wife. James called to see me gave ^{me} a friendly
invitation to visit at his home but I had not time; he has
two sons. Mrs. Fullerton often spoke of her first husband,
but seldom of her second. I suppose she has parted with

I often receive letters from New Hampshire our friends in that country are well. Nancy left home yesterday she has good health, grows younger fast I am several years older than her, she has three weeks longer to teach school. I hope you will visit us by the termination of that time you must come nothing need prevent you. I want very much to see the little girls, I wish I had one of them with me (illegible) dont mention your late long visit come if possible.
